STATEMENT BY SELECTMEN

TO THE CITIZENS AND TAXPAYERS OF FARMINGTON, NEW HAMPSHIRE

As is the custom at this time, we will endeavor to explain the expenditures made by us during the year just completed. Every citizen must realize the extent of the town hall disaster. Although to rebuild meant the hiring of a large sum of money, it seemed to be the desire of everyone to have a new building erected as soon as possible. With this idea in mind, you voted to raise a sum of money not to exceed \$45,000, to be used with the insurance money for this purpose. By investing the insurance money we obtained \$602.43 interest. On going over the Town Hall Construction account you will note the total expenditure was \$52,308.24, or just \$10,705.81 more than the insurance money. In order to take care of this we hired \$10,000, and took the rest from the money on hand rather than pay interest on another loan.

The expenses of Election and Registration were much higher this year, partly because of presidential election and partly because of what we believe to have been a misunderstanding on the part of a good many townspeople who thought we had not shown good judgment in regard to the town hall appropriation. We believed the appropriation was large enough to build and furnish a hall. However, when the contractors' bids were opened we found that there would not be sufficient funds for the furnishings. Although there was no time limit in the contract it was thought that the building would be completed by January. This meant either two months

of enforced idleness or a special appropriation. The latter was finally obtained after a five-day session at the polls. The expense might have been cut considerably had the voters attended the first day's meeting.

Police department expenses also increased. At the time of the train wreck it was necessary to appoint many extra officers. It was deemed wise to have a night-watchman on duty during the remodeling of the bank.

Owing to the very rainy summer, our country roads were in very poor condition and it was necessary to work over the same roads several times. Districts 2, 3, 4 and 5 were combined under one road agent. All the work possible was done by machinery making a slight saving over last year.

Your high tax rate this year was caused by the increase in the amount of money needed by the School District and the Precinct. We would suggest that every voter and taxpayer keep in mind the fact that the tax rate is established, not by your selectmen, but by the appropriations made at your annual meeting. If you would keep your tax rate down, come to the meeting and vote accordingly.

Respectfully submitted,

HARRISON G. WALDRON,

ROGER H. MORRISON,

ERROL S. HALL,

Selectmen of Farmington.
